CDSBEO Board Results **For Grade 9 EQAO Provincial Mathematics Assessments** *(For release October 19, 2005)*

Kemptville – The Catholic District School Board of Eastern Ontario is proud to release results for the EQAO Provincial Assessment of Grade 9 Mathematics.

A total of 610 students enrolled in Academic Mathematics courses and 377 students enrolled in Applied Mathematics.

Board results for all students enrolled in Academic classes held steady compared to the previous year. The number of students meeting or exceeding the provincial standard over the 2004-2005 year remains at 69%. Results for students in Applied classes showed a 6% improvement. *(Results based on all students enrolled in Grade 9, including those who did not participate in the assessment.)*

CDSBEO Director of Education Ann Perron said “The results are encouraging to say the least, and we expect our results for students in both Applied and Academic programs to continue moving in a positive direction.”

“The results also prove that our teachers’ dedication is unwavering,” Perron added. “The increases year-over-year prove that new methods and materials have been embraced and accepted by our staff and students.”

Jane McMillan, Superintendent of Education responsible for curriculum notes “Our teachers continue to use the EQAO data to inform their instructional practice and focus on student achievement. We are very pleased that the results again show that we are moving in the right direction.”

Please see the attached chart for Board results. (For more detailed results, visit the EQAO website at: www.eqao.com) For more information contact Bob Perreault, Communications Officer at 1-800-443-4562 ext 206.
