BOARD POLICY

SECTION B

B8

School Operations Admission of Students

POLICY STATEMENT

In keeping with the Board's Mission Statement, Guiding Principles and System Goals, the Catholic District School Board of Eastern Ontario exists to provide a Catholic education for the children of our separate school supporters.

Where feasible and practical, the Board will accommodate students of the Catholic faith whose parents are not separate school supporters and for those students of other religions whose parents/guardians desire for them the values espoused by the Board and who are willing to meet the Board requirements in this regard.
