

## 1. Purpose

Communication with the Ontario government is an important activity to identify, discuss and find solutions to policy and financial issues. The Board is committed to focus its discussions and communication with the Ontario government in an honest and respectful manner, in support of its distinctive Catholic mission.

## 2. Guidelines

- 2.1 Focus on ongoing communication between school boards and government through established mechanisms and channels.
- 2.2 Avoid basing communications on personal or political agendas.
- 2.3 Maximize resources for student success and achievement.
- 2.4 On a very limited occasion there may be some issues that are of a local character for which individual boards may need to lobby the government directly. Democratically elected trustees need to retain the ability to approach government directly on those matters.

  - i.) Expenditures for advocacy must be in keeping with the intent of the guiding principles and must be pre-approved by the Director and Chair of the Board.
