Purpose

This administrative procedure establishes guidelines for Trustee candidates during election campaigns regarding activities and use of Board resources. It is a part of the Governance Policies and Bylaws of the Catholic District School Board of Eastern Ontario.

Administrative Procedure

This administrative procedure is intended to support the municipal election process for Trustees and is to be reviewed in keeping with the election process every four years.

Policy Statement

This administrative procedure aligns with Board Governance Policy, Bylaws, and specifically the Trustee Code of Conduct. A Catholic Trustee holds a particular trust for the students, staff, and families served by the board. As such, all Catholic Trustees are held to a particular account, one that is held in the teachings of Jesus and enacted in the common good.

A Catholic Trustee position is an elected position which carries with it the understanding that the electorate will decide at election time its support for the effectiveness of a Catholic Trustee. This administrative procedure is intended to support this election process.

Principles

This Administrative Procedure recognizes that Trustees are holders of their office until the end of the term and supports them in continuing to fulfill their responsibilities as Trustees. Nothing in this procedure should preclude a Trustee from performing their duty as an elected official or inhibit them from representing the interests of their constituents during the election period
