Action Required

The Board will take every reasonable precaution to protect the health and safety of employees. This shall be accomplished by ensuring the development of health and

safety policies, procedures, and programs to support this objective. As workplace health and safety is a joint responsibility, the Catholic District School Board of Eastern Ontario and all its employees are to act in compliance with the requirements of the Occupational Health and Safety Act. This includes ensuring that third-party contractors are performing their work on CDSBEO property in compliance with the Occupational Health and Safety Act.

This administrative procedure applies to all employees (management, non-union, and union personnel) and to all building facilities under the jurisdiction of the Catholic District School Board of Eastern Ontario.

The Board recognizes and endorses the Internal Responsibility System philosophy, whereby all workplace parties share the responsibility for health and safety. The Occupational Health and Safety Act defines responsibilities for the employer, the supervisor, employees, and the Multi-Workplace Joint Health and Safety Committee.
