Purpose

This administrative procedure outlines the Board's commitment to the prevention of workplace violence and recognizes its responsibility for employees' health and safety. It outlines the

Board's commitment to take necessary and reasonable steps to protect employees from workplace violence.

Action Required

The Board is committed to providing a safe environment for all workers. This administrative procedure applies to all workers of the Board and their interactions with the Board community, including, but not limited to, trustees, students, workers, visitors such as parents and community members, volunteers, Community Use permit holders, contractors, and employees of other organizations who work on or are invited onto Board property.

Steps to Follow for Employees Who Experience Workplace Violence

A worker who experiences workplace violence will:

- a. Immediately report the incident to their principal or supervisor. The principal or supervisor will be responsible for determining the appropriate response and course of action. If the alleged aggressor is the immediate supervisor, the worker will report the incident to the supervisor's manager.
- b. As soon as it is safe to do so, the worker must complete and submit an *Employee Violent Incident Report (EVIR)*, using the Board's online reporting system, as well as the *Safe Schools Incident Report (SSIR)*, if applicable. Refer to Reporting and Investigating Incidents of Workplace Violence below, for further details.

Note: In the case of a serious incident, normal emergency procedures should be followed to seek the assistance of emergency first responders, as required.

1. Domestic Violence Awareness and Response

- a. Employees are encouraged to inform their principal or supervisor if they are experiencing domestic violence outside of the workplace or become aware of domestic violence that may create a risk to themselves or others in the workplace (whether the notifying employee is the victim or not).
- b. When a principal or supervisor is informed of an employee experiencing domestic violence, the principal or supervisor will gauge the nature and extent of the threat and take actions, as deemed appropriate, to protect employees and students, under the advice of their Family of Schools Superintendent and the Superintendent of Human Resources or designate, regardless of whether the threat of domestic violence is from a co-worker or from someone outside of the workplace. Actions may include, but are not limited to:

- The completion of *Appendix A - Notification of Potential Risk Form*;
 - Informing police;
 - Requesting peace bonds or trespass orders; and
 - Providing or developing an Employee Safety Plan.
- c. When possible, principals or supervisors are to make available to all employee's, information about support available for victims of domestic violence (i.e., Employee and Family Assistance Plan, community counseling, support groups, shelters, and the police). When possible, principals or supervisors will remind potential victims of domestic violence of these resources. See *Appendix B – Community Resources for Victims of Violence* for a list of resources.
- d. In all circumstances, a principal or supervisor must tell the victim that if they feel at risk of physical harm, whether inside or outside the workplace or at home, the employee should contact the police.
- e. Additionally, the Board should ensure that its *Workplace Violence Prevention Administrative Procedure* is reviewed when the Board becomes aware of the risk of domestic violence.

2. Reporting and Investigating Incidents of Workplace Violence

- a. By an Employee against another Employee of the Board:
- All incidents of workplace violence by an employee against another employee must be immediately reported to the employee's principal or supervisor.
 - The principal or supervisor will determine if immediate action is necessary through consultation with their Family of Schools Superintendent and the Superintendent of Human Resources or designate. This may include removing the employee from the presence of the alleged aggressor if it is safe to do so. The employee will be required to complete an *EVIR* regarding the matter.
 - Upon receipt of the *EVIR*, the principal or supervisor will investigate the allegations in consultation with the Superintendent of Human Resources or designate. Such investigation may include interviewing and/or obtaining statements from individuals with knowledge of the events in question and reviewing any other relevant supporting materials. The employee being accused of workplace violence will be made aware of and provided with the opportunity to respond to the allegations against them during the course of the investigation.

- If the employee has concerns with respect to their principal or supervisor subjecting them to workplace violence, the employee will contact the Superintendent of Human Resources or designate to report the concern. Alternative arrangements with respect to the investigation process outlined above will be undertaken.

b. By a Student against an Employee of the Board:

- All incidents of workplace violence by a student against an employee must be immediately reported to the employee's principal or supervisor.
- The employee will be required to complete an online *EVIR* to report the matter. The employee may also be required to complete an online *SSIR*.
- The principal or supervisor will investigate the reported incident and respond to the *EVIR* with any steps taken to prevent a recurrence. This may include creating or amending a *Student Safety Response Plan*, use of personal protective equipment, creating or communicating *Appendix A - Notification of Potential Risk Form*, debriefing with the employee, or other action as deemed necessary by the principal or supervisor.
- It is recognized that enhanced training measures for staff may be required to support a student's behaviour dysregulation where there is a risk of injury for employees and other students. When a violent incident occurs, the following staff will be involved with reviewing and altering the *Student Safety Response Plan* if required: Special Education Department members, regular classroom teachers, Special Education resource teachers and educational assistants, school administrators and other pertinent Special Education staff.

Note: All employees working at school sites should review the *Notification of Risk of Violence Binder* (green binder) and provide a signature acknowledging that they have been made aware of and read the annotated safety plans contained within the binder.

c. By a Third Party (e.g. parent, visitor, contractor, etc.) against an Employee of the Board:

- All incidents of workplace violence by a third party against an employee must be immediately reported to the employee's principal or supervisor.
- The principal or supervisor will determine if immediate action is necessary through consultation with their Family of Schools Superintendent and/or the Superintendent of Human Resources or designate.

- The employee will be required to complete an *EVIR* to report on the matter.
- When an imminent threat of workplace violence exists, the supervisor or designate will convene a meeting with appropriate stakeholders to ensure the safety of an employee from workplace violence. Actions to mitigate the risks posed to the employee could include the creation of *Appendix A - Notification of Potential Risk Form*, contacting police, limiting access to the workplace, and establishing a work alone plan.

3. Notification of Potential Risk from a Person with a History of Violent Behaviour

The principal or supervisor will ensure that employees have been provided with sufficient information, which may include personal information related to a risk of workplace violence, if:

- a. The worker can be expected to encounter that person in the course of their work; and,
- b. The risk of workplace violence is likely to expose the worker to physical injury.

The principal or supervisor will use *Appendix A - Notification of Potential Risk Form*, to ensure appropriate disclosure to affected employee(s) of persons with a history of violence posing a potential threat to employee safety.

The completed form is to be stored in a confidential manner overseen by the principal or supervisor. Each employee meeting the criteria set out in the paragraph above must review the form annually or as new information arises and sign off that they are aware of the information identified on the form. This includes occasional and supply staff as well as Central Board Office staff who may be expected to encounter the person while on school premises. It will be the principal or supervisor's responsibility to ensure this disclosure is made to each affected employee.

4. Workplace Violence Risk Assessments

- a. Risk Assessments:

The Board will ensure each work location completes a risk assessment annually with respect to the potential for violent incidents at that work location, during work activities within the Board's jurisdiction, and during employment-related events and activities. During this process, an assessment will be made of the risks of workplace violence that may arise from:

- the nature of the workplace
- the type of work
- the conditions of work

The assessment will consider circumstances common to other school boards and circumstances specific to CDSBEO. The results of risk assessments and risk reassessments will be shared with the members of the CDSBEO's Multi-Site Joint Health and Safety Committee.

b. Risk Reassessments:

A reassessment of the risks of workplace violence will be undertaken as often as is necessary to ensure that the *Workplace Violence Prevention Administrative Procedure* continues to protect workers from workplace violence. Changes or events within the Board that may warrant a reassessment may include: an increase in the number, frequency, or severity of workplace violence incidents for that specific workplace, a change in the physical environment of the workplace, a change in the student population of a school or a change in curriculum or scheduling, a change in environment, or when a new principal or supervisor is appointed to the school or department. These reassessments are made to determine if such a change could impact the potential for workplace violence.

Completed risk assessments will identify workplace violence risks as well as measures and procedures taken to control the identified risks within the workplace.

The results of risk assessments and any risk reassessments will be shared with the members of the CDSBEO Multi-Site Joint Health and Safety Committee.

c. Controlling the Risk of Workplace Violence

Measures and procedures to control the risks of workplace violence could include (but are not limited to):

- Identifying a means to summon immediate assistance if required. Measures and procedures to summon immediate assistance should be appropriate given the specific circumstances
- Video Surveillance in accordance with Administrative Procedure D1:7
- Violence Threat Risk Assessment Process (Police School Board Protocol)

- *Appendix A - Notification of Potential Risk of Violence Form*
- Workplace Violence Risk Assessments and Reassessments

- Employee training in Workplace Violence Prevention (including domestic violence)
- Establishing and maintaining controlled access to school buildings
- Provision of communication systems such as phones, walkie-talkies, and public address systems
- Regular maintenance and repairs of facilities

- Consideration of barriers and other measures

5. Work Refusals

The *Occupational Health and Safety Act* (OHSA) allows workers the right to refuse work where the worker has reason to believe that workplace violence is likely to endanger themselves. Should a situation of work refusal arise, the requirements of the OHSA, [Work refusal for workplace violence | Workplace violence in school boards: A guide to the law | ontario.ca](#), will apply.

Please note- Regulation 857- Teachers, made under the OHSA states that Part V of the OHSA (Work Refusals) does not apply to teachers, as defined in the *Education Act*, where the circumstances are such that the life, health, or safety of a student is in imminent jeopardy.

6. Support for Employees

The Board recognizes the trauma that may ensue from a violent incident in the workplace. The Board is committed to the health and well-being of our employees. Principals, supervisors, and managers will ensure follow-up meetings take place as soon as possible and that employees are provided with information so they can access necessary support.
